

HB 1069 & HB 397

Both of these bills are posted to be heard in the Judiciary & Civil Jurisprudence Committee this Wednesday at 2:00 pm in the Regan Bldg. Room #140 (on block Northwest of the Capitol). We are asking our members to oppose HB 1069 which would allow anyone over 18 to serve without any education or criminal history background check. To get more information you can go to Texas legislature online and look at the entire bill.

Please call these committee members NOW and tell them you oppose HB1069. If you live in one of these members districts please call and tell them you live in their district and that you OPPOSE HB 1069.

Please do not oppose HB 397 that was filed originally by Will Hartnett. This bill will either be pulled down or replaced with a complete committee substitute which TPSA is supporting. The committee substitute will remove the notary requirement for all certified process servers, allow for the creation of a standard return of service and allow the Supreme Court to promulgate rules to allow the return of service to be e-filed.

Sincerely,

Eric Johnson
President, TPSA
