

Please Phone Rep. Jerry Madden's Office!

Representative Madden has not received any calls in opposition to HB 1069. Your voice needs to be heard *first thing* Monday morning opposing this bill.

Please call his Capitol Office at **512-463-0544** and make your voice heard!

Since this email is only being sent to those who are in or near his district, it is important you call his office and tell him that HB 1069 is bad for the process serving industry.

If you do not understand the ramifications of this bill, please call me below.

Andrew Watson, TPSA Director 210-422-5304
